## SHARPEYES INTERACTIVE TABLE FUN

SHARPEYES Table fun display is ideal for education, corporate applications. Compared to previous generation displays, this model's LED backlighting allows for reduced power consumption, a thinner depth, a smaller bezel and lighter weight. High definition resolution delivers stunning image quality for a variety of content. It also offers users touch screen capabilities for up to ten simultaneous touches at a cost-conscious price. Its anti-glare glass coating protects the panel and allows for higher brightness transmittance. The touch screen, high-performance panel and abundant advanced technologies promote extended use, making sharpeyes's solution ideal for schools, corporate and retail.
